AMERICAN & FOREIGN PATENTS

R. H. EDDY.

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent, Office Washington, (under the Act of 1837.)

76 State Street, opposite Kilby Street, BOSTON,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into America or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentabillity of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS:

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,

Commissioner of Patents.

I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office. EDMOND BURKE,

Late Commissioner of Patent.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges" JOHN MAGAGFT.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

A CHALLENGE AND A REWARD

$500 REWARD.

I BEG LEAVE to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and responsible standing in the State, who, on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.

Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," then none can be had from the vineyards in France or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, as cheap as in any other place in these United States

WM. ALDERSON, Newport, R. I.

N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less, than more, than is NOW charged for the handsome labeled bottled compounds so extensively sold all over the country. a23

A NEW MUSIC BOOK,

OR THE

New York Musical Review.

FOR NOTHING!

We have in press, and shall publish in October, "ASAPH, OR THE CHOIR BOOK;" a new collection of Church Music for Singing Schools and Choirs, by Dr. Lowell Mason. Dr. Mason's last similar work, published in 1854, reached the enormous sale, in its first year, of over 54,000 copies, which is, we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace *nearly all new matter* culled with great care from numerous sources, such, as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.

We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.

In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. Mason's new work, we are induced to make the following liberal offer, viz.: To every one sending us, before 1st November, one dollar, (the price of subscription to the Review,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. Mason's new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

A GRAND MOVEMENT.

In all reasonable probability the great plain north of Richmond is to be traversed by an army operating in all its parts practically as one, and moving on the rebel capital with a force that cannot be resisted. The army of the Potomac is brought out of the unhealthy and inconvenient peninsula, and becomes one of the columns of attack from the north, or in part operates from the York river line. It is still doubtful whether some sixty thousand of the best troops will not take up their new position by a march across the peninsula, instead of by a conveyance in transport vessels around by way of Fortress Monroe. On the map it would appear practicable, but in the actual circumstances of the case there may be reasons against it unknown to us at a distance. But, one way or another, the two great armies are to be united in operations against Richmond from the north, and, if the rebel army this time escapes, it must make haste to get out of the way by an evacuation southward.

This important movement of the Potomac army is a sufficient vindication for those who ventured in moderate terms to express their doubt of the original policy of going to the Peninsula at all. That most costly of military experiments would have ruined any other army and any other cause. The spirit and patriotism of our soldiers, and the splendid ability of their officers, has sustained them through trials of the severest character, and they now return to the only line of reasonable success in an advance to Richmond, with their ranks thinned, it is true, but with the hardihood and capacity for service of veterans. There can be no finer body of men than these soldiers of the Potomac army, and the future of their march to Richmond will attest their valor, and crown all their just expectations of glory won in the field.

The style in which Jackson's army finally retreated after the battle of Cedar Mountain does not promise much for his defence of Gordonsville. If the first onset of one of these bodies of secession troops is broken they cannot maintain themselves afterwards. If successful at the outset, they sweep over a whole district with desperation, but they cannot stand successive battles in which they are not winners. Their condition in this respect before Richmond is not a fair illustration, because then their whole army was brought up in successive reserves and the same regiments were not compelled to bear protracted and successive trials, as our own were. An army of forty or fifty thousand rebels away from that base would be much easier to deal with.

The peculiar shape of the railroad line of communication from Richmond to Gordonsville favors the effective use of a column on the northeast. The road can be cut at its northeastern angle at a long distance from either point to be defended, and when cut it is easy to flank an army at or near Gordonsville by a march from the eastward.—Another point, that of the junction of the Fredericksburg and Gordonsville railroads, must be held if the vicinity of the Rapidan is to be maintained by the rebels, and to assail this weak eastern flank we take to be the object of the transfer of McClellan's army to the new position. There must be a speedy withdrawal of rebels from the south side of the James river, and a general reversal of positions all about Richmond to conform to this new necessity.

There must, also, so far as we can anticipate, be an early withdrawal of all rebel forces in the Rapidan and Valley districts. If Richmond is to be defended all these men are necessary.—Whatever is not gathered of subsistence stores in the valley must await a change of fortune more favorable to rebel rule there. Jackson is likely to be denied the pleasure of going to Winchester again until many months pass over, at least. No doubt many of the troops at Richmond will be thrown out northward to make head against the approach of our armies, but if a heavy force threatens their eastern flank, either from the Pamunkey or from Fredericksburg, they cannot work easily or with a probability of success against the advance of General Pope.

LOCAL NEWS ITEMS.

Military.—*The following gentleman have been elected officers of the new company from Newport, which is to be attached to the Seventh Rhode Island Regiment:* Captain Thos. B. Carr, 1st Lieut., Thos. S. Brownell.

Capt. Carr is an experienced officer having for years been in Command of the Artillery company in which corps he was deservedly popular.

Another Watch Robbery.—We learn that the house of Mr. Wm. R. Pitman Jeweller, was entered yesterday, and some five or six hundred dollars worth of watches belonging to various individuals was stolen. No traces have yet been ferretted out concerning the thief, but it is hoped that the police will soon be on his track.

Campaign of the First R. I. Regiment.—This valuable and concise narrative by Rev. A. Woodbury Chaplain of the Regiment, detailing the campaign of the First Regiment has been laid upon our table. It is full of interest, even to the casual reader, and contains an exceedingly correct account of the battle of Bull Run by one who appreciated, being himself present, the position, trials and hardships of the Union forces upon that ever to be remembered and unfortunate day. *For sale* in Newport by Chas. E. Hammett Jr.

Affairs at the Grove.—It is pleasing to chronicle the fact that since Dr. Wheaton has been superceeded at Portsmouth Grove Hospital by Dr. D. J. McKibben, matters have assumed altogether a different aspect. Yesterday some six hundred patients, having recovered, were shipped in a United States vessel to return to the Army, and about one thousand new patients are expected to arrive daily.—The Government has decided very judiciously we think to make the Hospital at this point a permanent institution, in consequence twenty-eight buildings are being erected, each to be 250 feet long by 30 wide, and one-and-a-half stories in height. In addition we learn from the *Mercury*, that the following buildings are to be erected at once:

"A Dispensary 25 by 40, two stories; Cook-house, Laundry with drying room, Commissary Department, Quartermaster's Office, Knapsack Depository, each to be 25 by 40 feet, one-and-a-half stories.—Between the cook-house and laundry there is to be a steam engine-room. There is also to be a two-story building 25 by 30 feet for female nurses, and a one story brick building 12 by 18 feet for a Dead-house. The Hope Iron Foundry are to commence next week to lay pipes from the springs on the hill, running through the main street of the Department, with branches extending to each building, so that a bountiful supply of pure water can be had at all times, there being a descent of about eighty feet from the springs to the Grove. Ten feet North of the present dock a pier is to be built thirty feet further out than the present one. On this a derrick will be erected, and everything arranged for the unloading of transports, &c. Everything tends to show that this Hospital will be conducted with a system designed by Government, which provided so bountifully for the sick, and as the Surgeon in charge is represented to be possessed of the right qualities, we may not expect to hear of any more suffering or brutal treatment."

The Rebels Reconnoitering Forts Pulaski, and what Became of it.—A letter from Fort Pulaski, under date of the 10th, states that the rebel steamer Gen. Lee was captured that morning in the Savannah river, under circumstances of a peculiar nature. At about seven o'clock word was reported to Col. Barton that a flag of truce from the rebels was in sight and approaching the fort. A letter of instructions was at once prepared, and the tug Thomas Foulkes, unarmed, with Adjutant Goodall on board, was sent out to meet her. She was halted at the extreme range of the guns, and ordered to remain there till her errand could be communicated to the Colonel in command. This was done. She brought down a Mrs. Handley and her son, who left Charleston the day previous, and whose friends are at the North.

On the facts being made known at the fort, Adjutant Goodall returned, and ordered the boat to remain, until communication could be had by signal with the department headquarters. To this the rebel officers assented, and gave their word of honor that they would not leave the spot where they were anchored.

No sooner, however, had the Foulkes returned than the General Lee put on all steam and started up the Savannah.

The Foulkes was immediately brought into the wharf, and a couple of brass field pieces were run down from the Colonel's quarters on the double quick. These were placed aboard, and the tug was sent in swift pursuit. By the time she caught up with the General Lee the latter had nearly reached Savannah.

Running alongside, the Lee was boarded, a guard placed over her machinery, her officers taken prisoners, and the steamer returned to Pulaski under her own steam.

The rebels have once or twice before made reconnoissances of Pulaski under a flag of truce. That thing is "played out."

A Southern View of the Rebellion.—The letter of a prominent Southern gentleman to his wife, who is in a distant country, was recently found on board of a vessel that was captured by our cruisers.—It is of recent date, and is written in all the sincerity and unreservedness of mutual confidence. The writer gives his view of the war he is aiding as follows:

"This accursed attempt of one section to set up an independent government, must sooner or later fail, and fail ignominiously. I am bound in duty to share in the burdens and do what I can to alleviate the sufferings which the attempt has now brought upon those among whom I was born, but I will take no office in it—the highest would be no inducement—nor will I share in the terrible responsibility. No words can depict the horrors which I witnessed both at Richmond and upon my journey there and back. *The deaths occuring at Richmond were fully equal to one hundred and fifty a day.* More than seventeen thousand sick and wounded soldiers are now in the hospital at Richmond. The recent seeming success of our arms will only serve to accelerate the downfall of our short-lived Confederacy.

Gen. Pope's Force.—A correspondent of the Chicago *Tribune* states that the force of Gen. Pope is as follows:

1st, the corps of Maj. Gen. McDowell, stationed at Fredericksburg, consisting of the divisions of Gen. Augur and Gen. King; 2d, corps of Major Gen. Sigel, stationed at Middletown, in the Shenandoah valley; 3d, the corps of Maj. Gen. Banks, stationed at Middletown and Luray; 4th, a portion of Gen. Shield's division, which had been detached from Gen. McDowell's corps (another portion having been sent down to McClellan;) 5th, a portion of Gen. Wadsworth's forces in and around Washington. The aggregate force was probably between 60,000 and 70,000 men. The veteran army of Maj. Gen. Burnside, numbering some 20,000 effective men, has been landed at Fredericksburg to cooperate with Gen. Pope.

The President and the Colored Regiments.—The doubt which we suggested some days ago, whether it would be found that the President had in fact resolved not to accept regiments raised *bona fide* from colored citizens of free States, seems to be confirmed. It now appears from a variety of authorities that the President's remarks to the western gentlemen were very incorrectly reported, and the whole matter is now left in doubt. Gov. Sprague's movement however, is likely to bring the question to a decision of some sort.—*Daily Advertiser.*

The Draft.—It is reported that the War Department will soon issue official explanations of the orders in relation to the draft, which have been widely misunderstood.

WAR NEWS.

MILITARY ACTIVITY AT WASHINGTON.

Washington, Aug. 16.—Information received to-day says that N. B. Olds of Ohio has been arrested for discouraging enlistments and other treasonable practices, and is confined in Fort Lafayette.

The exchange of prisoners is still progressing at Aiken's Landing, through Adjutant General Thomas. It is now confined to officers.

Washington has resumed its former military live-liness by the arrival and departure of troops.

BURNSIDE AT CULPEPPER COURT HOUSE.

A SEVERE MARCH.

Culpepper Court House, Aug. 15.—Gen. Burnside's *corps d'armee* arrived here last night from Fredericksburg, after a severe march of thirty-five miles. The men all bore the march well.

There is nothing of importance here.

Influx of Learned Negroes.—The Corinth correspondent of the Cincinnati *Gazette* says many of the slaves now coming into camp, excite astonishment by the amount of intelligence they display. They talk with as much elegance as the whites. One of them said, on being questioned about how he came to learn to talk so well that his master always corrected him when he used an improper word. Slaves of this class constitute the majority of those now coming into our lines. And they are coming by scores, so that the army will soon be some thousand stronger, by the mere calling in of "extra duty" men teamsters, &c., whose places are supplied by contrabands. The writer adds:

"I asked one intelligent contraband about what caused such a sudden influx of his class into our lines. He answered that the slaves were being rapidly, and in large numbers, shipped down South—a fate which they seem to dread here as much as in the more Northern slave States. He says that they have never had such favors shown them as during the last few months. Their masters have been lavish of promises especially, 'but' says he, 'while they are promising all these great things to us, they are at the same time taking us off South, and we just concluded now was the time for us to strike.'"

Free Labor will Grow Cotton.—So says the Hon. Robert J. Walker, President Polk's Secretary of the Treasury, and long a citizen of Mississippi, which he represented in the U. S. Senate. In a letter to the Washington *Star* in favor of the President's emancipation project, he says:

"I know it is asked, How shall we then cultivate the cotton lands of the South without slaves? This does not apply to the Border States; but before closing these letters I will prove conclusively, by the census and other statistics, what, from long residence in the South, and from having traversed every Southern State, I know to be true, that cotton is now raised there most extensively and profitably by non-slaveholders, and upon farms using exclusively white labor. In Texas, especially, this is a great truth; nor is there a doubt that skilled, educated, persevering and energetic free labor, engaged voluntarily for wages or its own use, would, in time, especially when aided by improved culture and machinery, produce much larger crops and better cotton than is now raised by the forced and ignorant labor of slaves, and at a much cheaper rate, at a far greater profit, than any crop now produced in the North, and in a more salubrious climate, as shown by the census."

Illinois on her War Footing.—The following is an extract from a letter written by a gentleman of Chicago, Ill., to his partner who is here upon business. It talks large, but still it breathes the right spirit and shows that our Western friends are in earnest:

Chicago, Aug. 9, 1862.

Friend H.: The war fever has been most intense here for a week past; the first week of the rebellion was nothing compared with it. Yesterday the Adjutant General telegraphed here, in reply to a private dispatch asking permission to recruit a company: "For God's sake hold on—we are overrun with applications—the whole State is going into camp." And so it turns out, for to-day he telegraphs the *Evening Journal* that 30,000 volunteers are now ready on the first call, and 20,000 are already offered on the second call, and that he has permission to accept them all for three years—and no drafting will be necessary in this State. "Bully for Illinois" say we all of us.

If you meet any one in your travels who has any doubt about the rebellion being put down, please refer them to Illinois for an answer, and tell them she is ready to take the job alone at a fair price—provided Old Abe gives her her own way.

TO HORSE OWNERS.

DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES is unrivalled by any, in and all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their inciplent stages, but confirmed cases are beyond the possibility of a *radical cure.* No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

GREAT BATTLE AT BATON ROUGE.

The Rebels Defeated!!!

GLORIOUS VALOR OF OUR TROOPS.

IMMENSE LOSS OF THE REBELS.

THE ARKANSAS BLOWN UP BY PORTER'S GUNS IN A FAIR FIGHT WITH THE ESSEX.

NEW YORK, 18th.

The Steamers North Star and Roanoke from New Orleans 10th, have arrived bringing the particulars of the defeat of the rebels at Baton Rouge and the destruction of the Arkansas. A letter from Baton Rouge says Nim's Battery thrice repulsed the foe and did them great slaughter. Breckinridge lost his right arm by a cannon ball.

The fight took place on the edge of the town, Gen, Williams being unwilling to expose the helples women and children.—We captured a large number of prisoners including Capt. Blunt, Breckenridgas aid, Gen. Williams who was killed behaved like a hero. Our men are enlisted to imperishable glory. The loss of the enemy must have been severe as our men charged and recharged upon them. We have taken three guns.

Another account says the rebel troops were variously estimated at from 5000 to 15000, under Gen'ls Lovell, and Breckenridge. The combat was obstinate. Our loss was 250 killed, including a large proportion of officers. The rebel loss according to the prisoners was immense. Among the killdd was Gen Lovell. The ram Arkansas was just above Baton Rouge but did not take part in the conflict.

Later accounts state that the Arkansas was aground above Barton Rouge when the Essex and the other gunboat went to her and set her on fire, when she soon after blew up. The transport steamer Lewis Whitman ran into the gunboat Oneida 50 miles above New Orleans on the night of the 6th. The transport had the body of Gen. Williams on board with an escort of six of his body Guard, also 42 of our and 3 confederate wounded soldiers. The body was recovered and 38 wounded soldiers and three of the body guard were saved.

The official report of Col. Cahill commanding the post after the death of Gen. Williams state that the rebel force was about 10 Regiments. After a fight of four hours of great severity the enemy were repulsed. Gen. Williams was killed by a rifle ball through the chest.

During the battle our forces were obliged to retire about a quarter of a mile from their original position and the enemy were able temporaly to occupy the camps of the 21st Ind., 7th Vt., and 19th Me. Regts., and to destroy much of the baggage and camp equippage. They were however driven out, but our numbers being much lessened by sickness and the men in the field being much exhausted by fatigue and heat it was deemed inexpedient not to pursue the rebels.

The enemy has retired several miles and is still retreating. It is possible they may receive reinforcements, and I am disposing of the New York troops in the strongest positions. Our force engaged numbered less than 2500. The enemy had at least 5000 with 12 or 14 field pieces and some Cavalry.

The Ram Arkansas approached with the intention of engaging our gunboats but grounded at a distance of six miles, and the 6th inst., was engaged by the Essex and destroyed.

Brig. Gen. Clark and his aid Lt. Terger, delivered themselves to us as prisoners of war.

I have also 90 wounded prisoners and about 30 captured. Breckinridge on the 6th, asked permission in writing to bury his dead. Col. Cahill replied that our men were engaged in the work which will soon be accomplished. A passenger from Baton Rouge states that our loss was 70 killed and 215 wounded.

Gen. Williams had three horses shot under him and he was killed while rallying the 21st Ind, Regt, which had just lost a field piece. The gun was retaken but Gen Williams fell pirced by several bullets.—The wounded are about as follows 21st Ind regt 81, 14th Me. 70, 4th Wisconsin 10, 6th Mich 25. 7th Vermont 15, 30th Mass 21, 9th Conn 2. Among the prisoners taken is Gen Allan of Miss, mortally wounded.

We glean the following few names of the killed and wounded from Newspapers:

Killed—Col Roberts 7th Vermont, Capt Kelty 30th Mass.

Wounded—Lt. Col. Keith 21st Ind, Lt. Aowe 30th Mass.

Gen. Butler has issued a general order announcing in eloquent language the death of Gen. Williams. He has also issued a congratulatory order to the troops on their successful engagement in which he says the enemy lost three Brigadeir Gen'ls killed wounded and prisoners and many colonels and field officer. He has more than 1000 killed and wounded. You have captured three pieces of artilledy six caissons, two stand of colors and a large number of prisoners.

A letter from Baton Rouge states that the fight between the Essex and Arkansas was a fair stand up fight. Porter lay three hundred yards distant pouring solid 9 inch shot into the Arkansas until a breach was made, when an incendiary shell was exploded in the breach setting her on fire—The rebel crew then left her and she soon exploded. Lt. H N Colhum of the 1st Vt. Battery was drowned on the 8th near Carrolton while bathing. The funeral of Gen Williams occurred at New Orleans on the 8th which was very impressive. The body was brought north in the steamer North Star. The North Star passed the Ocean Queen and St Mary's bound up the Mississippi.

Most likely the Gen. Lovell reported killed is Col. Lovell and not Major Gen. Mansfield Lovell, who is understood to be at Richmond.

NINE MONTH MEN.

BARNSTABLE, Mass. 18th.

The quota of this town 48 under the 1st call was filled several days ago and some to spare. Volunteering has commenced in earnest under the 2nd call and the indications are that no drafting will be necessary in this town and throughout the whole country. At a town meeting on Saturday it was voted to pay a bounty of $150 to nine month Volunteers.

FROM McCLELLAN.

FORT MONROE, 16th.

Harrison's Landing was entirely evacuated by the Union troops Thursday morning, and about the same time Gen. McClellans advance arrived at Williamsburg. The public property was all removed in safety and all is quiet.

Transports with disabled soldiers are passed down the roads, except a few which are here, viz: New York, Elm City, Montreal and Forest City. The State of Maine and John Brooks brought down 840 who were transferred to the Steamship Atlantic to-day.

One hundred rebel cavalry drove in the Union picket last night at Suffolk, some excitement prevailed there. Among the persons transferred to the Atlantic are the following:

Lieuts. McCann, Garland, Jackson, Pilky Shute, Billington, Merrill, and Reynolds all of the 7th Me., Sanborn, 5th Me. Capt. EGetchell, 2d Me.; Surgeon Salter, 1st Mass.; Lt. Chamberlain, 3d Vt.; Lt. Mahew, 7th Mass.; Lt. Moore, 2d Me., Lt. Tucker, 16th Mass.; Lt. Shaw, 2d R. I.; Capt. Young do.

Two or three Sutlers came down the river to-day, their schooners are lying in the harbor.

FROM WASHINGTON;

WASHINGTON, 18.

It is rumored that Col. Corcoran will be made a Brigadier General to-morrow.

Thurlow Weed sails for Europe next week on service for the Govt.

Col. Corcoran says that Gen. Prince who was taken in the recent battle beyond Culpeper, is kept in a prison over a dead house, and that all the other officers captured from Gen. Pope's Army are shamefully treated.

THE ARCH BISHOP SPEAKS

NEW YORK, 18.

Arch Bishop Hughes delivered a most patriotic sermon yesterday in St. Patrick's Cathedral. After reciting his course of action in Europe, he calls upon the whole North to come out in its strength, for volunteering to continue and for draft to be made. He said that 800,000 was not enough and 306,000 more should be called. The people should insist on being drafted and so bring this unnatural strife to a close by strength and might alone.

RECRUITS WANTED.—We are requested to state that twenty-five more men are wanted for the Newport Company in the 7th Regiment. Applications should be made to the Mayor immediately.

FROM THE SOUTHWEST.

NASHVILLE, 17.

Two bridges on the Edgefield Railroad were burnt by the Rebels to-day. One over the Red River. The track is reported torn up this side of Tallabano.

THE BATON ROUGE FIGHT.

NEW YORK, 18th.

A letter from a Surgeon reports that he saw 83 dead rebels in one small corn field at Baton Rouge.

Lt. Porcross of the 30th Mass. arose from a sick bed, joined his company in the thickest of the fight and with his own hand saved a field piece about to be taken.

The Rebel wounded states that Gen. Ruggles was killed. One Rebel stated that their loss was 800.

Nimms' Battery saved the day, when two thirds of its members were on the sick list.

The secessionists in Baton Rouge fired on our wounded as they were being brought in, consequently their houses were being pulled down.

Breckenridge on the morning of the fight made a speech promising his men to have a band playing in the State House at 9 A. M.

In presenting these articles to the public, the inventor challenges the World in an Infallible, Simple, Easy, and Rapid process of Hermetical Sealing.

All scientific and practical men who have examined them say they are without a fault, and are the only ones that have stood the chemical test.

The sealing is on an entirely original plan. This principle has stood the test for several years, and the best certificate of their value is, that those who have tried these articles will use no other.

They are warranted as represented.

You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures, for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

Dr. Mattison's Anti-Syphilitic Syrup,

For Constitutional Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

This new remedy for that *fearful* train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form ... *but* this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which last a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own false and extravagant assertions*, in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what their pretensions are*, but MAKE INQUIRY It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is *no* safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y

PROF. L. MILLER'S HAIR INVIGORATOR

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life, and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also, L. MILLER'S INVIGORATOR, N. Y. blown in the glass.
